SUBJECT: LITHUANIA HOPES FOR SMOOTHER IAEA GENERAL  
CONFERENCE, OFFERS NO IDEAS ON SINGLE RESOLUTION

REF: STATE 85128

Classified By: Charge d'Affaires Damian R. Leader for reasons 1.4 (b) and (d).

(C) On August 21, we shared reftel points on Middle East issues at the upcoming International Atomic Energy Agency (IAEA) General Conference (GC) with Arturas Vazbys, the Lithuanian MFA's Acting Head of the Arms Control and Terrorism Prevention Division. He said the GOL shared the EU's concerns about the Syrian and Iranian nuclear programs, and that a less contentious GC would allow the IAEA to focus on them. As to ideas for a single resolution that could be a basis for consensus, Vazbys said he had no immediate thoughts on the matter, but promised to consult with colleagues. We will report any forthcoming information.
